

The Book of

Kelton Power

Hi! My name is Kelton.

I have Autism.

Autism means
different things for
different people.

For me, it means that
sometimes I want a
**snuggle or
tickle.**

and other times I like to
be alone.

I love to play with toys,
but I am still learning
how to share with
friends.

I really like to play with
puzzles and books
too...

...but I can be a little
messy when I play!

I am a really active boy!

I love to jump, spin and
gallop when I am
excited.

I also love to play
outside.

Some of my favourite
outdoor activities are
swinging, climbing and
sliding.

I really enjoy sand and
water play too!

This summer, I spent a lot of time playing in the back yard with my big brother Paddy.

Paddy goes to this
school too and he is in
Grade 1!

We are very different,
even though we both
have Autism.

My Daddy also goes to
this school! He is our
gym teacher and likes
to play with me.

I am still learning to talk. Even though I may not talk back, please keep talking to me. I understand lots of what you say and I would still like to be your friend!

Some things that make
me feel happy are
singing songs, coloring
and learning about
ABCs and 123s.

I really love snacks,
especially apples!

Sometimes, I may try to
take a friend's snack
because it looks so
yummy!

Please be patient with
me and remember that
I am a really nice boy. I
may be different, but I
am lovable and a kid
just like you!

If you have any
questions for my
Mommy and Daddy,
they love to talk about
me. They want the
world to know how
special I am!
